Proprietors Fined \$600 In  
Appearance Before  
Judge Smith

The Nevada Hotel for the second time in recent months was raided Tuesday evening by state board of equalization officers and Constable N. F. Dolley and the proprietors, Jesse Gilman and Ida Hohlman were arrested and charged with selling liquor without a proper license.

Taken before Justice of the Peace C. E. Smith yesterday, Gilman was fined \$500 and Mrs. Hohlman was fined \$100.

Two undercover agents for the board secured several "buys" on the establishment and Russell B. Farley and Edward L. Beck, special investigators from the office of George Stout, assisted by Dolley, made the arrests, Farley said.

Gilman was fined and the license on his place suspended for 15 days on the previous count. Dolley said that he hopes the current arrest will result in the place being permanently cleaned up.

The night before the raid, a man was struck over the head with a hammer by James Alston, 26, Negro, who was jailed but later released when his victim refused to sign a complaint.

## WOODS, NORDSTROM PLAN NORSE RESORT ON DONNER SUMMIT

Mr. and Mrs. Gene Woods, and Mr. and Mrs. Ernie Nordstrom, who recently took over the House of Vandford on Donner Summit, are developing what they propose to be the outstanding winter and summer sports center in this area.

They have plans for a Norwegian village which will house a cafeteria, with seating capacity of 250, a modern heated garage for parking and a huge dormitory as well as a hotel and lounge.

They now have open their Ski-Hi lounge where dancing and music are enjoyed each night with Scandinavian and modern dances being featured. A three piece orchestra featuring Ted Grier and his electric guitar, Rolly Galloway at the piano and Gene Woods on the bull fiddle and piano, provides the music.

Among others who will enjoy the new center are members of the Viking Ski Club of San Francisco who will have headquarters there.

Separate quarters are being provided for the employees of the establishment, Woods said, and when completed nothing will be lacking to supply the winter and summer sports fans with all that can be desired in accommodations and entertainment.

The architect this week is drawing up plans for the village which will be in Norwegian architecture and will face Highway 40 right on top of Donner Summit.

They propose to have the longest bar in the district when completed.

## Veterans' Advisor to Visit In Truckee Regularly

Noble McCormack, county veterans' advisor, was in Truckee on Tuesday making preparations for regular visits here to aid veterans in their problems. McCormack emphasized that his office is interested in any veteran's problem, state, national or local. He also said that if the case is too urgent to await his visit here, he may be contacted at his office in Grass Valley.

The first visit will be made on Friday, May 31. McCormack will set up offices in the Veterans' Memorial Hall here and will remain there all day. The service is, of course, strictly confidential.

## Mrs. Rome Stark Feted At Party at Forest Inn

LAKE TAHOE—Mrs. Philip Olander was hostess at a shower on Tuesday afternoon at Forest Inn given for Mrs. Rome V. Stark. Games occupied the guests during the early hours of the afternoon and awards were given to Mrs. Mary Stark, Mrs. J. K. Tackett, Mrs. Helen Prusso, Mrs. Helga Olander and Mrs. Lois Tackett.

Many lovely gifts for the honoree were opened and delicious refreshments were served. The guests included Mesdames Maye Stark, Mary Stark, Helen Prusso, Gerrie Bonano, J. K. Tackett, G. Gerquist, Helga Olander, Helen Gautsche, Lois Tackett, Katherine Nielsen, Ivy Mendonco, Jessie Firpo, Mary Sheldon, M. Del Carlo and Ione Olander.

## Heaths Sell Home Here, Plan Move to Roseville

Mr. and Mrs. George Heath have sold their home here and will move to Roseville after the close of school. They have purchased a home at Roseville and Heath will engineer Southern Pacific trains over the Roseville to Sparks run.

Mr. and Mrs. Louis Puente of the Pastime Club have purchased the Heath place on West Main Street.

## Fire Department Called On Two Blazes In Week

Local Business Man Makes  
Quick Come Back  
After Fire

Twice this week the volunteer fire department was called out.

The first fire occurred at the Tourist Cafe where an overheated electric motor caused a blaze under the counter. The smoke penetrated the Sierra Tavern and one of the guests turned in the alarm. Although considerable damage was done, Nace Firpo, the owner, said he would be ready to reopen the popular cafe tonight or tomorrow. The fire was discovered at 3 o'clock on Sunday morning.

Tuesday night fire destroyed the former George Waters family home on the hill south of the Truckee River. Chief N. F. Dolley said he believed a tramp may have caused the fire as the place has long been vacant. The forest service equipment responded to assist the local volunteers in preventing the flames from spreading. The fire started about nine p.m.

## O'DEA VISITS HERE IN CAMPAIGN FOR SHERIFF POSITION

Thomas J. O'Dea, a candidate for sheriff of Nevada County, was visiting Truckee voters last week, pointing out his qualifications and reasons for seeking the post.

"As for my qualifications," O'Dea declared, "I will come right to the point. What the real, God-fearing, law abiding people of our county need and demand is justice, law and order. They want action. The citizens pay off for it and they will demand it. We've had a lot of promises but I have never heard nor seen anyone fatten on promises."

O'Dea bases his candidacy on the fact that he is not a politician but a working man, familiar with the problems of the working man and fully qualified to act in the capacity of sheriff.

"I am not a politician," O'Dea said. "I am a working man as most of Nevada County knows. The past two years I have worked in the logging woods and have done some electrical work throughout the county. I have finished two years of college, also law school. Also I have studied both homicide and criminal investigation work, and I'm ready to work for you citizens of Nevada County."

## GRAND MATRON DUE ON VISIT TO O. E. S. HERE ON MAY 29TH

Truckee Chapter No. 116, O. E. S., will officially receive Mrs. Isabella Harrison Hillditch of National City, worthy grand matron of the order on Wednesday, May 29.

Last Tuesday evening, Mrs. Amelia McCullum of Keddies, deputy grand matron of the 8th district, paid her official visit to the local chapter.

One candidate was initiated and the deputy instructed in the work of the lodge. A pretty ceremony, performed by the star points, preceded the presentation of a gift and flowers to the visitor.

Mrs. Vernie Wood and Mrs. Bernice McDonald of Sacramento, former residents of Hobart Mills, were visiting members. Refreshments were served at the close of the meeting at the New California Cafe.

## Local Church Conference Set For This Evening

Rev. Marvin Quattlebaum of the Methodist Community Church announced that Rev. E. L. Fisher of Sacramento will hold a fourth quarterly conference this evening in the church building at 7:30 P. M. All members and other interested persons are cordially invited to attend.

Rev. Quattlebaum also announced that an evening service will be held on Sunday evenings from 7 until 8 P. M. and community singing of appropriate selections will be enjoyed during the hour. A mid week service will be held on Wednesday evenings at 7:30 P. M.

Mr. and Mrs. G. D. Waters of Tahoe are leading the Sunday evening singing services.

## Snow Flurry Yesterday Breaks Into Ideal Month

Following nearly two months of ideal summer weather this region yesterday was visited by a bit of old winter when snow drifted through the air but failed to stay on the warm ground. Strong winds preceded the storm which is expected to end today. Warm clothes and stoves were brought back into use for the time being.

## MEETING DATE CHANGED

## Truckee, Tahoe Elect Trustees At Polls Friday

Incumbents Win in Truckee  
As Write-In Polls  
15 Votes

Mrs. George Kamp and Mrs. Lotta Bryant were reelected to the governing board of Meadow Lake Union High School at the election held last Friday. Mrs. Kamp received 32 votes, Mrs. Bryant 24 and Daryl Gallennie, a last minute write-in candidate, polled 15 votes.

Mrs. Zula Rabin was elected to the Truckee grammar school board and replaces Elden Tonini, who was not a candidate to succeed himself.

**Kings Beach School**  
KINGS BEACH—Murford Miles was elected trustee of the Kings Beach school last Friday, defeating Mrs. Dorothy O'Brien and Weldon English, the two other candidates. The incumbent, D. C. Barnett, did not seek return.

The election board was changed shortly before the voting due to the inability of the original members to serve. Mrs. Opal Redinger was inspector, and Mrs. Sara Ernst and Mrs. Dorothy King, judges.

**Tahoe City—** Mrs. Northrup Pomin, clerk of the Tahoe Lake School District board received a decided compliment when she was given an unanimous vote on Friday May 17, at the local school house. The 52 voters gave her 52 votes for reelection to the post she has held with such distinction for so many years. David Jones of Auburn, on the Placer Union High School board, got a total of 49 votes in the same precinct.

On the election board were Mrs. Myrtle Wheat, Mrs. Ruth Mayfield and Mrs. Evelyn Bliss.

## FIVE BIRTHS IN AREA ARE RECORDED IN THE MONTH OF MAY

An uptrend in the population has occurred during May with five births to local families.

Mr. and Mrs. Ernest Guidotti welcomed their first child, a daughter, on Thursday afternoon, May 16, at Reno. Linda Lee weighed 6 pounds and 7 ounces at birth.

Mr. and Mrs. William Killian became the parents of their second son at Sacramento on May 18. Mark Allan, as the young man was named, weighed 7 pounds and 4 ounces when he arrived.

On Mother's Day, May 12, a daughter was born to Mr. and Mrs. Roy Napier at Reno. The little girl's name and weight were not learned.

Mrs. C. F. Moeckel recently arrived home with her young son, Robert Harold, who was born at Reno on May 4. He tipped the scales at birth at 8 pounds and 9 ounces. Young Robert is the fourth son and fifth child in the family.

Mr. and Mrs. Jack Charlton of Kings Beach became the parents of a girl born at Reno on May 20.

## Former Truckee Couple To Mark Golden Wedding

Mrs. P. H. Willis wrote that Mr. and Mrs. E. P. Elmore will celebrate their golden wedding at their home in Sparks on Monday, May 27, between the hours of 4 and 8 P. M. Friends and neighbors are cordially invited.

Mr. and Mrs. Elmore are former Truckee residents and a number of local friends are looking forward to the event.

## Wilson Leaves Truckee for Grass Valley Business

Leroy Wilson, formerly employed by the Rotary Oil and Burner Company, left Truckee last week to accept a partnership with C. W. Pruitt in a second hand furniture store at Grass Valley.

Wilson, a resident of Hobart Mills and Truckee for a number of years is also familiar with his new district and entered the field with enthusiasm. Mrs. Wilson will leave Truckee at the close of school.

Pruitt is also a partner of Fostert Wilson in the local Bargain Spot.

## Interior Painted—

The Riverside Hotel has had a new coat of paint on the inside of the building.

By WALTER M. BARRETT

More people have been killed during the past 20 years by automobiles than in all the wars of the country's history. That is a deplorable state of affairs. Last year 40,000 people—more than the population of a medium sized city—were killed in the United States in motor vehicle accidents. If a bomb fell on a city of 40,000 each year and wiped out the entire population the story would live forever and something drastic would certainly be done about it. But automobiles continue to take their ever-growing toll and little more than a ripple is made in the news. Drivers continue to violate the laws and laugh when caught if they are caught before they cause a fatal accident. The country is becoming altogether too immune to the horror of motor vehicle accidents and unless they affect us personally we are inclined to skip over the fact that 99 out of 100 could have been prevented and that someone was deliberately responsible for the 99. Driving licenses are too easy to get, there is not sufficient enforcement of the existing law and not heavy enough penalties when violators are caught. A drunk driver will usually cry to high heaven when he is fined 50 or 100 dollars who he is fortunate enough to be apprehended before he kills someone. A mere speeder thinks the world is all wrong when he pays 5 or 10 dollars, never stopping to think that he had no more control of his car than the man in the moon and might just as easily as not have caused a fatal accident either to his own passengers or some other innocent motorist or pedestrian.

It seems to us that if the people in Europe and Asia would just stop fighting long enough to raise food and manufacture the necessities of life instead of centering efforts on raising armies, we could have more of the products of our own efforts and wouldn't have to feed the whole world.

## Two Hurt As Car Wrecks On Grade, Speed Blamed

Two young men were injured on Tuesday afternoon when the car driven by Myron W. Castol, 20, of Stockton failed to negotiate a turn on Donner grade and was wrecked. Castol and Delmar B. Durn, 20, also of Stockton were injured and Erwin Sorensen, an occupant of the rear seat escaped without harm.

State Patrolman H. E. Fowler who investigated, said the car was being driven at high rate of speed and just before the accident failed to stop for a flagman on the highway crew. The car was going west at the time. The driver admitted having had a couple of drinks in Truckee.

Castol was cited for speeding and will appear before Justice of the Peace C. E. Smith. The Truckee ambulance brought the injured to Truckee for treatment.

## Valuable Guns and Relics Taken at Glacier Cap

Officers this week are investigating the theft of several valuable guns stolen from the home of R. Van Houser at Glacier Cap near Rainbow Tavern. No one was at home at the time and the thief made off with a number of valuable weapons and relics.

## Valley School Head Sells Summit Liquor Interests

William Rutherford, district superintendent of schools in North Sacramento, announced that he had sold his liquor interests in the Donner Summit Company, Inc.

Rutherford was subject to considerable unsavory publicity recently during the campaign for election of trustees to Grant Union High School, because of his liquor and school interests.

## Flyer from China—

Captain and Mrs. J. Windsor and five months old daughter, Mintie Dena, of Richmond are at the Gateway Motel while visiting with Mr. and Mrs. Don Hansen. The two women are sisters. Captain Windsor a Marine flyer, recently returned from China. Mrs. Hansen, who has been ill for several days with a throat condition, is recovering, following medical aid.

## Forest Lookouts Posted In Area To Check Fires

Brush Fire Burns Acre  
Near Rail Tracks  
East of Town

Due to only .02 of an inch of moisture received at Truckee since the last of March and only a trace of snow during the wind storm the past two days, it has been necessary to place lookouts on duty this week. Martis Peak is manned by Rex Levisse, Stateline Lookout near Brockway by W. D. Hall and Sardine Point by Edward Floyd, reports District Ranger H. I. Snider.

It has been necessary to confine all debris burning under permits to an evening period after 7 P. M. so that the smokes will not confuse lookouts with an uncontrolled fire and also to reduce liability of such fires causing spot fires from sparks lighting in surrounding vegetation, Snider states.

Considerable foot traveler traffic is occurring through the mountain area now and during the past ten days it has been necessary to put out two campfires built by transients in dry areas, one of them burning about an acre of brush four miles east of Truckee, adjoining the railroad tracks, before it was discovered prior to lookouts going on duty.

Snider urges that forest users begin to use the normal summer precautions to keep our forest fire losses at a minimum and aid in extinguishing and reporting any small fire found in the early stages, since available manpower for fire fighting is even more acute this year than during the war when training camps were available from which to obtain large crews.

## \$100 FINE PAID FOR DRUNK DRIVING IN JUSTICE COURT

Frank H. Stricklin, 40, 107 East 4th Street, Reno, was fined \$100 by Justice of the Peace C. E. Smith Friday following his arrest by State Patrolman William Gausche, on a charge of driving while drunk. Mrs. Opal Stricklin, 34, was charged with violating the county sobriety ordinance but was not fined.

The couple, with three small children, were driving west to Los Angeles, they told Smith.

## Rotary Charter Night On June 1 at Pomin's Resort

The Rotary Club decided at its Monday night meeting to hold Charter Night at Pomin's Resort, Lake Tahoe, on June 1. This will also be a ladies' night program.

Monday's speaker was Game Warden Bill LaMarr who told of changes in the fish and game code and on technical information about local fish in streams and lakes. Bill Rindfleisch was program chairman, President Art Couillard presiding.

Ernest Nordstrom and Eugene Woods were inducted as new members. Visitors were Bishop Noel Porter, Sacramento; M. B. Donnerworth and Brooks Hartman, Grass Valley; Joe Conklin, A. Lombardi and Ed White, Loyalton.

## Over Load Cause Truck To Roll On Tahoe Road

Ernest Jacob Oswald, 34, Sacramento, suffered a badly lacerated wrist last Thursday afternoon when the truck, belonging to C. E. Smith of Truckee and employed by the PMT, overturned near Tahoe City. Oswald told State Patrolman M. A. Peterson that the top heavy load he was hauling shifted suddenly and he stopped the truck.

He backed the vehicle onto a high point of the shoulder of the road attempting to right the load. The cargo shifted again, causing the truck to overturn.

Oswald was treated by Dr. J. H. Bernard.

## Tahoe Justice Charges \$25 To Fishing Culpit

Justice of the Peace Evelyn Bliss at Tahoe City Friday fined Jack McGugin of Roseville \$25 after he was arrested by Game Warden Bill LaMarr for fishing on Squaw Creek. LaMarr said there were others in the McGugin party but none were fishing except the man arrested. Squaw Creek does not open for fishing until May 30 and is well posted, LaMarr said.

## County Officials In Truckee On Hospital Plans

County Doctor Urges Best  
Available Facility  
Be Secured

Meeting with Nevada County officials here Tuesday night, the Truckee Hospital Committee continued its efforts to secure financial assistance for the erection of a branch of the Nevada County Hospital in Truckee.

District Attorney Ward Sheldon headed a group from Nevada City to discuss the proposal with the local committee. Dr. Reed, county physician and Hospital Superintendent Walthers gave the committee general information concerning costs, maintenance and other details while Sheldon discussed the legal phases of the matter.

Sheldon explained that while Nevada County has a total of \$167,000 upon which to draw from the so-called "Christmas Tree" fund, any portion of this amount used from the state must be matched by county funds. In other words, if the local committee can persuade both the State Public Works Board, which controls the state's money for this type of project, and the board of supervisors that the project is necessary and desirable, then the necessary money will be available.

Dr. Reed urged that nothing less than a hospital with standard minimum facilities be considered. He estimated that nothing less than \$50,000 should be considered. That would mean that the "Christmas Tree" fund must provide \$25,000 and the county the other \$25,000.

Supervisor H. G. Loehr of Truckee, a strong advocate of the plan, who attended the meeting, was most encouraging and said he would lend all possible support. Members of the committee present included Chairman H. I. Snider, Secretary Melva Leitch, N. S. McCrary, R. N. Little, N. F. Dolley and Walter Barrett.

## Legion Post Planning For Council Meet Here

A committee of Keith Weeden, Frank Kinne and N. T. Sassarini was named Tuesday night to handle arrangements for the American Legion's bi-county council meeting here on Sunday, June 16. At that time delegates from Lincoln, Roseville, Grass Valley, Colfax, Auburn and Truckee will convene here.

Al Henry of Tahoe City was named second vice commander to replace Leroy Wilson, who has moved to Grass Valley. Succeeding Wilson as a member of the hospital committee is William Curran.

Following the business meeting a smoker was enjoyed by the Legion members.

## 24-Room Hotel Underway At Tahoe Valley Wye

TAHOE VALLEY—C. J. Fisher, formerly of Sacramento, who last winter purchased Martin's Restaurant at the Tahoe Valley Y, is building on his property adjoining the restaurant.

A three story hotel building more than half completed, will contain 24 rooms complete with modern equipment. A wide corridor will join the hotel and restaurant which has been open year 'round for the last five years. The new owners plan to keep the entire establishment open all year.

## Truckee Rates Two Cab Services On All-Day Basis

Truckee now boasts two taxi services, both offering day and night services and short or long trips.

The Truckee Taxi is operated by Glen Easton, recently of Roseville, who has cabs in that city as well as Truckee. He plans, however, to reside here and will send for his wife and son as soon as he can find a place to live. He wants to operate the year around with two cabs.

H. J. Hancock and Emil Tschopp are managers of the Independent Tow and Taxi Service operating from their Texaco Service Station on West Main Street. Both families live here and the partners plan to make this their permanent home.

From Grass Valley—Richard Hoskins, candidate for sheriff, accompanied by Elton Williams, Otis Hardt and James Henwood were visiting in Truckee last week.

Whidley Island, Washington, is the second largest island off the United States.

## SMOKING CURTAILED IN TAHOE FOREST AS FIRE HAZARDS GROW

NEVADA CITY—Supervisor Ellis of the Tahoe National Forest says the absence of normal spring rains, coupled with drying winds, has accelerated the curing and drying of grasses which carpet the foothills and mountain slopes to an alarming degree, making it mandatory that all fire regulations be placed into effect immediately.

Accordingly, the Regional Forester, under authority vested in him by the Secretary of Agriculture under Regulation T1, Section H, has declared that smoking is prohibited in the Tahoe National Forest hereon except the places of habitation, public campgrounds, and special flag stations posted as smoking areas. The rangers of the Tahoe National Forest have been instructed to post all areas that have been made safe for smoking by the removal of fire hazards. These cleared areas are at springs along trails and at stream crossings on mountain roads.

## Noted Writer for Kuchel, Scores Trading on Name

SAN FRANCISCO—Peter B. Kyne, noted California novelist, this week charged that the running of Harry E. Riley for State Controller against incumbent Thomas H. Kuchel was an obvious attempt to capitalize on the reputation of a dead man, former Controller Harry B. Riley.

Said Kyne, "Memories are short in politics, so short that not many years ago a dead man was elected to office in middle-western state. We had a Riley as our State Controller for nearly a quarter of a century and people became accustomed to voting for the name of Riley."

"Present Candidate Riley, who now says his occupation is electrical contracting, listed no occupation at all when he filed his papers as a candidate. He explained that 'some of the boys did not think it wise to give electrical contracting as a qualification for controller.'"

"Now, if I wanted some electrical work done, this Harry E. Riley might be the man for it, but I would want

## Governor's Conference Seeks Lumber Increase

SACRAMENTO, May 23 —(UP)—State government officials continued their battle against bottlenecks this week, concentrating of clearing the road to speedier lumber delivery.

The week opened with a statewide forest-to-market lumber conference, a meeting called by Gov. Earl Warren to plan emergency measures to improve highway conditions leading into California forests.

The governor pointed out that the state is ready to launch the greatest home building program ever undertaken by a single state—but it is "hamstrung by bottlenecks."

"I believe cooperative action can break down the bottlenecks," he told the conference of public officials and lumber and trucking representatives.

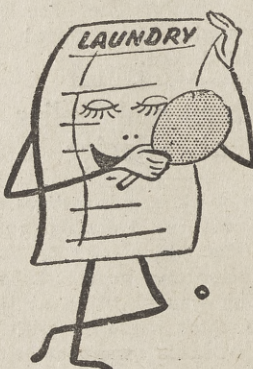

Special emphasis was laid by delegates on improvements of U. S. Highway 299 in Trinity and Humboldt counties to help provide the lumber needed for the 250,000 houses needed

a man experienced in financial matters to handle my check book. Maybe Thomas Kuchel would botch a job of electrical work, but in the time since he has occupied the office of State Controller, he's showing what he can do in large scale financial matters. In my opinion those vote for electrical contractor Harry E. Riley will do so unwittingly, in the belief they are voting for the late Harry B. Riley."

### SOUTH TAHOE PTA STUDIES PROBLEM OF OVERCROWDING

**NORTH TAHOE**—The Meyers and Lake Valley Communities recently organized a Parent-Teachers Association. The first official meeting held by this new organization took place last Thursday evening the Community Hall at the Tahoe Valley Y.

At this meeting ways and means were discussed for the building of a new school for the south end district. The school building now being used there is badly over crowded, as it contains only one large room, and the present attendance numbers 75 students. At least two teachers are needed there, where, so far, only one teacher has handled the entire attendance.

Bill Curran had the Boy Scouts clearing a fire break around the flames... Cecil Edmunds pitched in with the best of 'em... the boys from Tahoe—Milton Shontz, Al Henry, Bob Reeves and Bob Pomin—along as spectators... the Legion's entertainment committee claimed credit for a real hot show...

**AND ELSEWHERE:** Hazel Lewis tells me the one pound, seven ounce baby born at the Reno hospital where she spent a lot of time lately is still thriving... and the baby that weighed 18 pounds at birth up in Washington five months ago, likewise, at 32 pounds... the Prohibition party in Nevada County has a problem... how to elect 26 members of a central committee from seven registered voters... Rome Stark, in stripped overalls, helping to get the Tourist in shape for opening on Friday... Sarge Reynolds and Dave Cabona holding court from the twin throne of the Hocker boys' shoe shine stand... the Presidential seizure order fluttering in the breeze on the SP time table board... John Salbini has swapped his Navy uniform for a Coca-Cola one and looks very good in same.

**IT'S A SMALL WORLD DEPT.:** For some time I've noticed this guy around town, see? I knew him from some place but for the life of me I couldn't remember. Well, Tuesday night at Legion I met him—again. His name is Jim Burkhardt and he's an operator with CAA on Donner Summit. He was Tech. Sgt. Jim Burkhardt with the old 123rd AACs, my last outfit in Alaska. Jim was non-com in charge at Nome but was a squadron inspector when I got up there. For the benefit of those interested, Jim's reputation was the best from Great Falls to Nome and I am not just making talk when I say he's a nice guy to have in a community.

### Buildings Mark Progress Of Tahoe City Business

**TAHOE CITY**—A new 50-foot addition is being built on Sam's Market here by Charles Warner. The annex is two stories and the lower floor will be an enlargement to the store itself while the upper story will add two bedrooms to the living quarters.

Next door to Sam's Market to the south, another new structure has been started by Mr. and Mrs. W. C. Conger of North Hollywood who are

Tahoe Lake School Column  
by COLLETTE MORHAIN

The softball game which took place between members of the Tahoe Lake School team and the Kings Beach team of Friday afternoon at Kings Beach was a rip-snorting, lively affair which ended with a win for the Tahoe boys with a score of 48 to 18. A large crowd was on hand to witness the first event of the season and it is hoped that more will be slated for the coming summer season.

Myra Lee Pollitt and Beulah Frey lead the Tahoe rooters who certainly lent vigorous voices to the morale of their team.

Mrs. John Burn, Mrs. Norma McIntyre and Mrs. Stella Watson accompanied the local group and served as cheerleaders.

A lusty cheer was given the Kings Beach team which had to fill its ranks with three girl members, due to a shortage of boys, the young ladies performing with ability and good sportsmanship. All are anticipating a return game in the near future.

A new 8th grade pupil last week was Beulah Frey of Tahoe City.

Mrs. Bliss Hinkle, principal of the Tahoe branch of Placer Union High School, reports a class of 22 pupils registered for the present semester, with more expected soon.

She also reports a number of summer school students making inquiry for part time jobs and room and board, mostly girls making the inquiries. Anyone having an interest in such a proposal may contact Mrs. Hinkle at Tahoe City 81.

### ROTARY SESSION IS SLATED JULY 27-28 AT TAHOE RESORT

**TAHOE CITY**—A Rotary conference has been scheduled for incoming presidents and secretaries of Rotary at Tahoe Tavern on July 27 and 28. They will come from all over District 105, which includes Oakland, Sacramento, Northern California and Nevada, approximately 150 persons in all anticipated. New incoming governor of District 105 is Willie Osburn, past president of Oakland Rotary Club.

On May 11 a new Rotary Club was inducted at Smith Valley, Nevada. It was sponsored by the Yerington and Minden clubs.

The group of officials aiding in the induction ceremonies included Lowell Berry, president of the Oakland club; Harvey Lyon, past district governor from Oakland; Osburn, and Theodore Schleuter of the Truckee-Tahoe club. The group left Saturday noon for Smith Valley, arriving in time for the cocktail hour in the afternoon, and all attending and hugely enjoying the specially prepared dinner served that evening in their honor in the school auditorium for members, their wives and friends. About 225 persons attended.

District Governor Shan Shannon flew from Redding to Smith Valley for the event and was principal speaker of the evening. Incidentally, his pilot was Mr. Hughes who owns a summer home at Homewood. It was a lively affair and the visitors were treated royally.

Mr. Schleuter and party left on Sunday morning.

erecting a two story building. The lower floor will house a new cafe and the upper floor will contain living quarters for the family.

First signs of summer are perceptible in Tahoe City with the opening of Wall's Coffee Shop and the preparation for the opening of Loynd's Tahoe City drug store and fountain.

Approximately 15 per cent of California's wage earners in manufacturing industries, and from 20 to 25 per cent of those engaged in farming and fishing work on commodities that are exported.

Los Angeles police made 45,655 traffic arrests or citations so far this year, or an increase of nearly 6,000 over the same period last year.

Union Square in San Francisco, site of a huge underground garage, was originally a sandbank known as O'Farrell Mountain.

### Political Advertisement AIDS LUMBER

**CONGRESSMAN CLAIR ENGLE** understands the importance of the lumber industry in his district, and is one of its strongest supporters in congress. He has advocated access roads, priorities, and adequate prices to bring out full lumber production. He served on a special Senate-House committee to assist lumbermen.

## Vultures, Not Bats, In Glendale Church Belfry

GLENDAL—Harry Ray has become self-appointed guardian of five defiant baby vultures which he found nesting in the belfry of a local church where he is employed. The Humane Society to which he had appealed for help on finding the fledglings, refused help on the ground they'd grow up and fly away. However, he's standing by in case the parents desert the birds.

## Hollywood Movie Payroll Near Half Billion Mark

HOLLYWOOD—Hollywood's glamour and the many other jobs that make up the cinema industry really pays off. According to the 1946 film daily year book, the 1946 payroll of the motion picture industry totaled \$449,737,985 or \$67,011,235 higher than the previous year. The number of employees remained the same. Here's how it stacks up according to the various divisions: Hollywood's 31,000 production employees got \$239,488,000; production people outside Hollywood received \$7,480,000; \$171,461,235 for 160,000 theater employees and \$31,308,750 for 14,000 distribution employees.

## California Tops 47 States In War Bond Campaigns

California was second only to New York in accumulated E, F and G War Bond sales during the five-year period from May 1, 1941, to April 1, 1946, the Savings Bond Division of the Treasury Department has announced. So far this year, Southern California, the State's heaviest populated section, has purchased \$98,368,144 worth of bonds, most of which are bought under the payroll savings plan. During the five-year period the State of Pennsylvania trailed New York and California.

## PROTEST FOREIGN SALE OF STATE'S NEEDED LUMBER

With California's housing situation at the critical stage, more than two-thirds of the lumber produced on the West Coast is being shipped East or abroad, according to protests lodged with President Truman. The protestants, two organizations of builders and one of retail lumber dealers, said that California home builders are unable to buy building supplies and that—quoting the State director of Federal Housing Authority—the housing shortage here is twice as bad as it was six months ago. The wire to President Truman was signed by officials of the Building Contractors Association of California, the California Retail Lumber Association, and the Southern California chapter, Associated General Contractors. It was charged that higher eastern ceilings encouraged the shipment of lumber away from the local market. Statistics show, they said, that of the 404,370,519 board feet of West Coast lumber produced in the first three months of 1946, 289,234,238 feet went to foreign countries, 73,983,531 to Eastern States and only 41,142,822 feet remained on this coast.

## Woodland Civic Leaders Back Gov. Earl Warren

WOODLAND—Carl E. Rodegerdts, city attorney and farmer of Woodland, this week accepted the chairmanship of the Yolo County Warren for Governor campaign, according to Murray Draper, northern California campaign chairman. A Progressive Republican, Rodegerdts said he was honored to accept the post not only because he believes Earl Warren to be the best man, but because the position will give him greater opportunity to warn Yolo County voters against the "package deal" campaign of untruth and trickery being practiced by the CIO-PAC endorsed candidates. First signer of the Warren sponsor list in Woodland was Mayor Harry F. Anderson, lifelong Democrat, who declared "this is one time for California Democrats to vote for the man who will California the type of leadership it needs for the coming years—Earl Warren."

Government officials report that the total American casualties in the war was 295,867 combat deaths, 679,234 wounded, and 12,744 still missing, a total of 987,845. The San Francisco Stock Exchange telephone switchboard can handle 1800 calls at a time.

## Why Argue?

By GEORGE S. BENSON  
President of Harding College  
Searcy, Arkansas

EVER since V-J Day, which most Americans look upon as the end of World War II, we have all recognized a clamor of communistic propaganda. With sound reasoning, a great many well-meaning people have tried to oppose it on the street corners, to no avail. It is like arguing with a headline in yesterday's newspaper. To be really effective, our opposition must go much deeper.

There are not many things that I like less or fear more than concentration of political power, government by men rather than by law, and official favoritism for individuals and cliques; and I'm not alone. I am convinced that an overwhelming majority of Americans feel the same way. Consequently I hope these few remarks may improve the measure of protection for us all.

Futile WORDY arguments never contribute much to the world's progress or to any people's store of knowledge. In fact, taking a stand in opposition to another man's harangue serves without fail to dignify the harangue and call attention to it. Debating a false philosophy always helps it and, unless opposition is well handled, there's danger of its giving more help than hindrance.

Promotions, good and evil, ride on the wings of news, and news is necessary. Publishers, columnists and radio commentators, who chronicle real happenings day by day, perform an essential public service. Don't blame them. When

news is poisoned, the job is done by those who make news, not those who tell it. Let us know the truth because the truth will make us free.

Made JOURNALISTS tell me News that news articles deserve prominence in proportion to the number of people interested. Thus persons in positions of power make news because a lot of people are interested in what these men say and do. If rulings they decree or opinions they express seem socialistic, there's nothing honorable for news men to do but tell the people. It's their country.

Radical propaganda undoubtedly does this nation damage. I believe a big majority of Americans are wholesome people, love their country and understand what makes it the world's best place to live and most influential power. Just the same, poisoned news gains converts. And so long as men in power wish to gain more power, the campaign for collectivism will go on.

At its source is the best place to quiet the voice of socialist promotion. Appointed "rulers" who hanker to boss the schools, control hospitals, limit production and eternally fix prices belong where their every word and deed does not make news; out of power. Stop the flow of public revenue into their hands. This will start solving immediately the problem of collectivist propaganda.

# TAHOE LETTER

From SWANEE

Tahoe City, California.  
May 19th, 1946

Dear Tahoeites:

This has been an interesting week end, with weatehr warm and clear, although both on Saturday and Sunday clouds gathered, thunder crashed and occasional lightning streaked across the sky...with breif showers occurring in scattered places. Today, Sunad, has been really hot, the air humid, although no rain fell in our district.

Had such a wonderful surprise around tow o'clock when Mrs. Annie Soll of Tahoe Pines drove up in her car with an old and cherished friend, Mrs. Leta Hull, for some eight years chief operator at Tahoe City telephone exchange, who now lives with

her family on a half acre farmetta in West Sacramento. She arrived at Truckee on Saturday with her husband Harvey and some friends from the capital city, who continued on to Reno while she was met by Miss Catherine Murphy, CO for the present season at the local office. She remained as her guest that night and on Sunday night was the guest of the Henry Solis. During her stay she has genuinely enjoyed visiting at the homes of the numerous old friends still remaining here, and renewing old acquaintances.

This afternoon Leta, Annie and myself shared a two hour confab on a sunny bench out on our pier and it was like old times having our favorit "hello girl" back in our midst. We learned that son Dean was released from service in the Coast Guard in January and he and his wife now have a little daughter, Jare-dine Fern, who will be a year old in July. They have purchased a nice new home in Richmond. Al, their elder son, has sold his former home and bought a much larger and nicer place just behind his parents' home near Sacramento. The Hulls' daughter Floreine, now Mrs. F. L. Eyre, also lives in Sacramento and she and her husband have a little daughter Margaret Ann, who will turn one year old in June. The Hulls extended us an invitation to come down some time soon and look over their lovely home, which must resemble a wee bit of

cool, green heaven during the terrific heat of the summer in the valley. They have spacious patios, rose gardens, green velvet lawns, berries, vegetable garden and fruit trees and a house that is insulated...safeguarding against excessive heat, or cold, with plenty of shade trees dotted about the grounds. Hope it won't be too long before we can run down and take a look see. She planned to return home on Monda, although she is just starting a week's vacation.

On Saturday last ran into another old friend, Rad Keifer, looking right in the pink. Rad tells me that he and his wife Marian have returned to their old job as caretakers at the Drum estate near Meeks Bay. They have lived for the past several years at Sonoma, but are thrilled no end to be back at their favorite stamping grounds.

In for a visit at their home in Tahoe Park on the lakeshore today were Mr. and Mrs. A. L. Galli of Tracy, Galli being one of the leading asparagus merchants of California. He brought us a generous sample along and will bring more to put up in our pressure cooker for winter before the season is over. Their son, Pvt. Louis Galli—whose nickname, Gee Gee, meaning Louis in Italian, forms his folks' brand name—is with the U. S. Engineers in Bremen, Germany, and reports getting plenty to eat and an easy life to live, in fact it is so easy most of the time he is almost bored. He only recently arrived overseas and his family is eagerly awaiting more news of his experiences.

Other visitors of ours today were Gene Rovetti, owner of Reno's famous resort, The Cedars, and uncle of Dr. Louis Lombardi of Reno, his wife, Mr. and Mrs. Lawrence Siri, and Mr. and Mrs. W. E. Fuhrman of Reno, the latter owning a summer cottage in Tahoe Park where the Rovettis and Siris were guests. The men folks tried their luck at fishing, with friend husband to lend a helping hand, and between them over a period of several hours, they managed to land one trout, weighing between two and three pounds. Which, in my estimation, would not be called exactly "good fishing". This is by no means a reflection on the ability of the fishermen, as they came fully supplied with the finest of equipment. It simply means the fish did not appear to be THERE. Even some of Tahoe's oldest and most experienced anglers, including Ernie Pomin, have tried every trick in the bag, and to date remain without a single fish. And over the past week I have not heard of a single limit being taken down this way.

Mrs. Bliss Hinkle, principal of the Tahoe branch of Placer Union high school, reports son Dick, with the Sea Marines n training, has been spending the past few months on a clerical job on board a ship plying its way between France and New York. He hasn't seen as much of the world as he would have liked as his job keeps him on shipboard, but he did get a good look at Le Havre, where son Jimmie landed en route to Germany. Dick seems to be finding sea life agreeable as he picked up 20 pounds since entering the service. He is anticipating being released this fall as the government has announced all Marine reserves will be eligible for discharge after 18 months active service, and as Dick entetred a year ago in May, he should be coming home before the snow flies. He is at present marking time at Norfolk, Va. while his ship is in drydock for repairs.

Bob Fox, son of Mr. and Mrs. Otto Fox of Auburn and Tahoe, was a visitor at the lake last week and is looking fine after his long stay overseas in service. While here he visited Mrs. Bliss Hinkle and told interestingly of his many and varied experiences overseas. During his stay in Paris he was fortunate in securing singing lessons from some of the finest of the old world masters, and now Mrs. Hinkle reports his naturally fine voice enhanced a thousandfold... "superbly beautiful" as she puts it. Hope we will have an opportunity to hear him sing before the summer has passed.

Daughter Marie came back from San Francisco on Wednesday night, after a two day visit with her husband, Bill, who returned to this country aboard the Red Cross Mercy Ship Marigold the first week in May. He was pale and greatly underweight

## Hollister Coach Named Lake Swim Instructor

TAHOE CITY— The swimming instructor who will tutor Tahoe City and Kings Beach youngsters and their elders this summer is Andrew Hardin, who is athletic coach at Hollister high school. He arrives here about June 30th and will start classes at Tahoe City on the first of July, continuing until July 15. On that date he will transfer to Kings Beach for a two week period on instruction to residents and children of that area. Anyone is eligible to attend.

At the conclusion of the courses Hardin will hold a water pageant for the benefit of the public to demonstrate his pupils' ability.

but thrilled speechless to be back in God's country. He left on Thursday night for Moore General Hospital at Swannanoa, North Carolina, where he will remain indefinitely for treatment and observation. He may have to undergo an operation but is hoping he will get a furlough before facing that. A small crowd of relatives, including his wife and little son Bill Jr., rushed out to Sparks Thursday night and were able to visit with him for almost half an hour while the engine was being switched there. We are still hoping to have him home on furlough within the next 60 days.

On Thursday had the pleasure of a visit from Mr. and Mrs. Richard Kirman, up for the day from Reno. Sorry to report that they may soon sell their lovely lakeside Tahoe summer home near Pomin's Resort, which will leave us minus another grand pioneer family in the swift parade of vanishing old timers. Mrs. Kirman looked exceptionally well and both were quite elated at the perfect performance of their beautiful new Cadillac.

Wind this up on Monday, my birthday, and want to thank all those good friends who remembered me with beautiful cards and gifts. It is highly appreciated. We observed my birthday dinner yesterday while daughter Jackie was home and the family gave me some lovely remembrances.

At last I can report that the past week of warm sunshine has brought out the sweet scented squaw carpet, which tints the shady woodlands and banks with its pale lavender flowers, and hundreds of snow plants are now popping through the ground like a myriad of red hot pokers...the true harbingers of Tahoe springtime.

Our best wishes for your good health and happy futures, and here's hoping all is well. May God be with you today and always, as ever,  
SWANEE

## VERNON ANXIOUS AND ABLE FOR JUDGE'S JOB

TAHOE CITY— Despite erroneous and misleading stories to the contrary, C. W. Vernon of Tahoe City, a write-in candidate for justice of the peace of Township 11, seeks the post and if elected will devote all the necessary time and effort to give the people of Lake Tahoe a good, sound administration.

"I have so arranged my affairs," Vernon declared this week, "that I will have ample time to devote to the office and I would like to have it definitely and conclusively understood by all the voters and residents of this township that I earnestly desire to be elected."

"If I am fortunate enough to be the choice of the voters I assure you I will serve as well and fairly as possible and shall let no other duties interfere with the office." —Political advertising.

## South Tahoe Hatchery Raising Many Trout

NORTH TAHOE— At the South End Fish Hatchery on Taylor Creek this week, Foreman Harold Roberts and two assistants are making ready for the reception of several thousand more trout eggs.

The inside troughs now hold 8,000 newly hatched trout recently received from Mt. Whitney. These are to be raised to a fingerling size here and later distributed among several local upper lakes and streams.

Five large troughs outside the building now contain 17,000 young trout to each trough. These fish are about an inch long and have dropped the attached feed bags which are so necessary to the younger fish.

They were received about a month ago from the Fall Creek Hatchery near Mt. Shasta. After they reach a sufficient growth for receiving food from outside sources, the young trout are fed on milk and ground liver.

## Brockway Boy Marks 9th Birthday May 18

NORTH TAHOE— David Miles of Brockway celebrated his ninth birthday at home on May 18 with a weiner roast, salad, cake and ice cream being served to the 17 guests attending. Various games were played.

Those attending were Buster and Dick Mandeville, David and Joellyn Ashton, Katherine Hall, Lorna and Ray Sorenson, David and Buren Bill Betty and Patsy Meisenheimer, Jay and Janice Mandeville, Phyllis Astle Borne O'Brien, John and Marvin Gallerani.

Adults should drink from eight to ten glasses of water daily.

## Lake Valley's Ranger Station Ready fro Season

NORTH TAHOE— Fire Control Assistant Rex Quilberg of the Lake Valley Ranger Station has completed the renovation and redecoration of the ranger cottage for the summer season. The removal of a partition between the two front rooms has resulted in a large sunny office and living room combined. The rest of the rooms have been painted and rearranged.

Harry Grace, who has filled the post of chief ranger at the station for the past two years, is being transferred to Porterville at the end of this month and will be employed on the Sequoia Forest there. Harold Miller of Georgetown will replace him at Meyers.

Although this house is over 25 years old it is still a good, substantial home...and not too old to refinance through FHA. Bank of America FHA insured loans are available for refinancing an existing home loan or for the purchase of a home...even though it may have been built way back in Model "T" days. The present condition of the house and its estimated longevity are the important considerations.

So, if you are planning to buy a house or wish to refinance an old mortgage...better see Bank of America, FIRST. Remember, this is the Nation's leading bank in FHA financing and offers you friendly and experienced service through any branch.

**NOTE TO REALTORS:** At this bank you will find a complete financing service. Bank of America always welcomes the opportunity of rendering sound financial service to realtor, seller and buyer.

### Tahoe Folks' Aid Asked In Food Relief Drive

TAHOE CITY—On Monday Johnny Ciardella of Truckee, local chairman of the current food drive for overseas relief, contacted Mrs. Eleanor Swanson of Tahoe and appointed her chairman of the Tahoe drive. Requests were made for either money or canned foods, money greatly preferred, as Ciardella explained that the money can be sent to where food can be purchased in large lots at considerable saving and without the expense of shipping.

Checks can be made out to Lee Marshall, executive director of UNRRA, and will be deposited with the Truckee branch, Bank of America. Tahoe area residents can contact Mrs. Swanson at Tahoe City 66J, all contributions gratefully received.

### Bay City Newlyweds Honeymoon at Brockway

NORTH TAHOE—Honeymooning at Brockway Pines and guests of Mr. and Mrs. Fred Barton of Brockway are Mr. and Mrs. Lyle E. Anderson of Oakland. Mrs. Anderson is the former Edna Collins, daughter of Mrs. Glen Potter of Collected Place, Oakland.

Anderson is a construction engineer of the Basalt Rock Company in Alameda. He is a former SeaBee in the U. S. Navy, having served 30 months on active duty in the Pacific theater. The young couple were married in Reno on May 16 at 5:30 P. M. at a double ring ceremony by Rev. Brewster Adams. The bride wore a royal blue, two-piece suit and a fuchsia hat. Her corsage was several white orchids.

The bridesmaid and best man were Mr. and Mrs. John T. Long of Reno. The newlyweds will reside in Oakland.

### Ward Creek Resort Sees Busiest Season in History

TAHOE CITY—William Mayhew is now in for the summer season at Mayhew's Ward Creek Cabins—formerly Worden's Ward Creek Resort. His wife will join him in about ten days and their daughter, Barbara, will be up right after the closing of high school in June. The family resides at Walnut Creek during the winter season.

Mayhew is engaged at present in modernizing and improving the summer cabins of his resort and plans more extensive remodeling and building when lumber and other material become more plentiful. He reports an excellent season ahead, with almost all cabins reserved for the months of July and August.

### Shontz Hosts Just Weds At Tahoe City Home

TAHOE CITY—Mr. and Mrs. Milton J. Shontz were entertaining a honeymooning couple this week at their Tahoe City home. They are Mr. and Mrs. James Harper of Woodland, who were married at a formal ceremony in that city on May 12 at the Lutheran Church. A formal reception followed at the Elk's Club there.

The bride is the former Edna Huebach, daughter of Mr. and Mrs. Manuel Huebach, and the groom is the son of Mr. and Mrs. Leslie M. Harper, all of Woodland.

The groom was released about a month ago from the navy and plans to attend University of California agricultural college at Davis this summer. The couple will make their home in Woodland following a leisurely honeymoon trip through southern California. They ended their Tahoe visit on Tuesday.

### Mrs. Callender's Parents Mark 55th Wedding Date

TAHOE CITY—Mr. and Mrs. Ben Callender of Waleswood Lodge left Tahoe last Tuesday for Santa Rosa where they visited at the home of the latter's parents, Mr. and Mrs. P. W. Bussman. The Bussmans on May 14 celebrated a most unusual occasion—their 55th wedding anniversary.

Bussman, who was born in Antioch, is 76 years old and his wife, native of Sioux City, Iowa, 75. Despite their years, both are alert and keenly interested in social activities. They have lived in Santa Rosa since they were married and enjoy a host of friends who showered them with bouquets of flowers and other gifts. Mrs. Bussman's daughters, Mrs. Callender and Mrs. Harriett Hemenover, gave her an orchid to wear on her special day.

A quiet family dinner party attended by two sons, Ellsworth and William Bussman, and their families, including two grandchildren, and the Callenders, climaxed the day's celebration.

The Callender's son, Billie, was unable to be present due to the press of examinations, now in progress.

Bussman is still active in the management of his large hop and prune ranch and is a member of the board of trustees of Santa Rosa Junior College.

## On Measurement Is Founded the Whole Progress Of Man...

The French Revolution did unto scientific researches as it did to many other things — blew them up and let them lie where they fell. One ten millionth of the distance from the Equator to the pole was designated as the "Meter". To establish it, two French scientists measured the distance from Dunkirk, France, to Barcelona, Spain, in 1792. They found themselves dodging hostile efforts of all factions. In addition, the accuracy of their finding was doubtful. Yet, that was the conception of standardization. Compare it with today's high standard of measurement of electricity set and met by this District and the manufacturers of our Sangamo Meters. NO OTHER COMMODITY IS MEASURED AS ACCURATELY AS ELECTRIC POWER.

FLASH!— The National average residential cost of electricity is 3.5 cents per KW Hour. In Seattle — publicly owned — it is only 1.53 cents per KW Hour

### Sportsmen Are Warned Against Touching Fawns

E. L. Macauley, chief of the bureau of patrol of the Division of Fish and Game, this week warned sportsmen to refrain from picking up or touching fawns which might be found in the woods along fishing streams of the state.

The fish and game code states that it is a violation to have a fawn in one's possession and Macauley has instructed all fish and game wardens to arrest anyone violating this law.

"Many sportsmen, thinking the fawn has been abandoned by its

mother, will pick up the fawn. The doe seldom abandons its young and will generally return to take care of the fawn," the patrol chief said.

The minimum penalty for such a violation is \$50 fine or 25 days in jail.

### SCHOOL COSTS UP COUNTY TAX BILL BY 12 PER CENT

The property tax bill for Nevada county, the school districts and the special districts in the county totalled \$502,210 for the current fiscal year, up 12 per cent or \$53,636 from the \$448,574 levied by these governmental units for 1944-45, California Taxpayers Association said this week, making public its study of property tax levies in California counties. Levies by the city governments in the county are not included.

Property taxes levied by the county totalled \$254,271 for 1945-46, compared with \$256,738 for 1944-45, the association said. Levies for the school districts in the county amounted to \$236,644 for the current fiscal year and to \$184,765 for last year. Special district levies were \$11,295 for 1945-46 and \$7,071 for last year.

Over the state as a whole, property tax levies by the counties, school districts and special districts reached \$297,436,622 for 1945-46, up 12 per cent or \$31,633,525 from the \$265,803,097 levy for 1944-45 and 22 per cent or \$52,854,554 more than the \$244,582,068 levy for 1943-44—the low for the war period.

"Local government budgets for 1946-47, on which tax bills which reach property owners in November, will be based, are already in process in many communities," the association said.

N'Yawk, N. Y.—  
AGAINST the clean blue sky of the morning rise the sparkling steel spire of the Chrysler building, the limestone monoliths of Radio City, the giant shoulders of the Empire State—and in the first rays of the sun the soaring shafts celebrate man's talent for creation.

Then, from the sunless subways pour the myriad mites who inhabit these towers by day, and the illusion falls. It becomes a spectacle of ants—millions of them—aswarm the doors of a great cathedral.

The people themselves become conscious of all this sometimes, and through anti-noise, anti-litter, anti-dirt campaigns, endeavor to clean up the soggy boxcars they ride in, and the trash-ridden streets. Cops hand out summons, magistrates levy and suspend \$5 fines; spindly trees are planted along 5th Ave., to struggle for life in the sour soil and air, finally to wither and die.

A scraggly, dog-bedecked shrub in front of an apartment building, a fuzzy patch of grass in a 2x4 courtyard, a pot of ivy on the window-ledge of a tenement—these are precious things because they are soft green and living, against rigid stone underfoot and rigid walls aloft.

Some, who are able, will ride 150 miles a day to escape overnight and weekends; others endure the subway sardine-pack to ride to the end of the line where there is at least a tree.

This, too, is New York...  
Notes in Manhattan.

### WCTU Backs Hitchcock; Seawell Seen As Winner

SAN FRANCISCO—The "wet" and "dry" issue—seldom injected into state political campaigns in recent years—seems to have bobbed up again, to some extent, in the contest for the State Board of Equalization in the Third District. The Santa Rosa WCTU has announced its endorsement of L. G. Hitchcock for the post Senator Jerrold L. Seawell of Roseville, however, is generally regarded as the "candidate most likely to succeed" in this contest.

Oxnard has one of the largest sugar refineries in the world.

"Preliminary review of proposals in many communities indicates that higher budgets, with resultant higher tax levies, are in prospect, unless citizen demand brings about a well defined economy approach to local budgets by local governing boards.

**Truckee Reservoirs Near Peak Levels Says Dukes**

RENO—Lake Tahoe apparently is almost certain to attain its maximum allowable level of 6229.1 feet this year, Watermaster Harry C. Dukes said this week.

The lake's level stood at 6228.57 feet last Monday, Dukes reported, with considerable runoff still due to reach it before the last snow disappears from the Sierra.

The Truckee River's other two principal reservoirs, Donner Lake and Boca Dam, were also nearing capacity, the watermaster added. Boca reservoir held 37,000 acre feet today less than 4,000 short of its capacity of 40,900 while Donner was within three-fourths of foot of its maximum allowable level.

**New Polaroid Visor Makes DAY-DRIVING EASY On Your EYES**

This new scientific visor really stops reflected sun glare. It's the new POLAROID Day-Driving Visor. Not just another colored shield. It controls and selects light, blocks the glare, lets the useful light pass.

The POLAROID\* Day-Driving VISOR removes the eyestrain and discomfort of driving on sunny days. You can install it yourself on the visor of your car in a few seconds without tools. A flick of your finger folds it out of the way for night or cloudy-day driving.

ONLY \$4.95, you'll find the POLAROID Day-Driving VISOR the best auto accessory investment you've ever made. See it on display at
